

Thesis summary: Risk factors for incident heart failure and atrial fibrillation in an elderly population.
The role of cardiac conduction and heart rate variability.

Bozena Ostrowska

Errata 2024 03 15

1. Five figures below should be replaced:

| | Printed figures | | Replace with |
|------------------------------------------|-----------------|----|--------------|
| Smoker, n (%) | 11 (1,3) | -> | 84 (10) |
| Beta-blockers therapy, n (%) | 15 (1.8) | -> | 170 (20) |
| Use of antihypertensive treatment, n (%) | 30 (3.5) | -> | 250 (30) |
| Diabetes, n (%) | 11 (1,3) | -> | 95 (11) |
| AF, n (%) | 71 (8,5) | -> | 148 (17,7) |

These figures appeared in:

- **Thesis summary**, Table 1, page 25,
 - **Paper I**, Table 1, page 646
 - **Paper III**, Table 2, page 25
 - **Paper IV**, Table 1, page 18
2. AF and MI should appear in Results instead of in the abovementioned baseline tables.
3. Add: "QRS \geq 130 ms" in:
- **Thesis summary**, page 26, row 5
4. The word "all" should be removed in the sentence "... in 2001, invited all individuals aged 70 years...", appearing in:
- **Thesis summary**, page 24, row 5
 - **Thesis summary**, page 43, row 21
 - **Paper I**, page 644, row 11
 - **Paper II**, page 701, row 5
 - **Paper III**, page 4, row 7
 - **Paper IV**, page 6, row 9
5. Units for E-wave and A-wave (m/s) should be replaced with cm/s:
- **Paper I**, Table 1, page 646, row 20-21
6. Replace: QRS \geq 130 ms: "N=25" with "N=24"
- **Paper I**, Figure 1, page 644
7. AHA colour coding for ECG leads (instead for IEC)
- **Thesis summary**, Figure 3, page 21
8. Replace: ">1,5" with ">2"
- **Paper III**, page 6, row 8
9. Replace: "was inversely related" with "was negligibly related"
- **Paper III**, page 9, row 8
