Erratum to thesis "Stem cell transplantation and regeneration after dorsal root avulsion"

- Abstract page. Opponent is dr Adam J Reid, University of Manchester.

- Methods section, page 29. The contribution of the L3 and L4 roots to the mouse sciatic nerve should be "... approximately 85%.." rather than "... approximately 95%...".

- Paper II, methods section, "Cell counts in the peripheral and central compartments". Should be "widefield images" not "confocal images".
